# Completing Online Year 10 Subject Selections For 2018

1. Students are able to choose four (4) electives.
2. One elective **must** be chosen in **each** learning area of The Arts, Technology and Enterprise and Physical Education.
3. The fourth elective can be chosen from any of these three learning areas
4. You **must** select your first and second preference on each line.
5. If you are currently enrolled in one of our sports programs, you **must** select that sport as your first preference on the line it appears. Sports Science will automatically be selected as your first preference on the line it appears.
6. If you are not enrolled in one of our sports programs, you **must** select at least one (1) elective from Physical Education Learning Area as your first preference on one of the lines.

The Subject Selection Handbook, which can be found on our College website, will provide valuable information about each subject and will help you to make informed decisions.
